

Request for Expert or Other Services
Kent County Indigent Defense Program

Directions for Requesting Attorneys:

- Please supply all information requested on the next page.
- A clear and concise explanation for the request must document why there is a reasonable probability both that an expert (or service) will be of assistance to the defense and that denial of the request will result in a fundamentally unfair trial. If the expert is in support of an affirmative defense, there must be a substantial basis for the defense presented.
- The type of expert/service provider, their specific qualifications, and an estimate of cost **must be** included.
- Absent extraordinary circumstances, expenses for experts are capped by rates published by the Michigan Indigent Defense Commission for Standard 3.
- If the Indigent Defense Administrator believes a meeting is necessary to better understand the expert request, we will contact the listed attorney.
- Documents submitted as part of this request will be treated by the County's Indigent Defense Program as confidential client documents. Per MCL 780.987(10), such information is exempt from disclosure under Michigan's Freedom of Information Act.
- Email the request to indigent-defense@kentcountymi.gov.

Expert or Special Services Request Information
