

KENT COUNTY HEALTH DEPARTMENT
ACADEMIC HEALTH DEPARTMENT
PROJECT DESCRIPTION

PROJECT NAME: Women's Health Network Client Encounter Pilot Project
SEMESTER: Winter 2017
PRECEPTOR: Sally Cory, BAA, MA

DESCRIPTION: During this internship opportunity, the student will prepare a survey for the Women's Health Network clients regarding program service satisfaction and to introduce additional program services. The student will be solely responsible for survey material and content development, piloting the surveys with a select group of former clients and summarizing feedback. The student will evaluate the results of the pilot and provide suggestions for future applications.

PROJECT DELIVERABLES: The student will acquire material development (survey) with health equity sensitivity elements expertise, as well as implement and manage the various elements of pilot programming. The student will have the opportunity to experience all components of health programming including satisfaction, presentation and evaluation outcomes.

MINIMUM QUALIFICATIONS: Students applying for this internship should be enrolled in an academic degree program. Computer proficiency is required. Experience with a variety of social media platforms is preferred.

COMPETENCIES: The student selected for this internship opportunity should expect to develop public health skills and competencies in the following categories:

- Analytical and Assessment Skills
- Policy Development and Program Planning Skills
- Communication Skills
- Community Dimensions of Practice Skills
- Leadership and Systems Thinking Skills
