

KENT COUNTY HEALTH DEPARTMENT
ACADEMIC HEALTH DEPARTMENT
PROJECT DESCRIPTION

PROJECT NAME: How well is your well?

SEMESTER: Winter 2017

PRECEPTOR: Allyson Chirio, DHSc, MPH, MT(AMT)

DESCRIPTION: During this internship, the student will be in charge of designing a community outreach project geared towards getting private well owners to test their wells at least annually and to also provide them well education so that they can identify problems. The goal is to insure that the citizens of Kent County have safe drinking water.

PROJECT DELIVERABLES: Key deliverables for this project will include a plan for community outreach, presentations, brochures, mailings, assessment, and evaluation tools.

MINIMUM QUALIFICATIONS: Students applying for this internship should be enrolled in a bachelor's or master's degree program. Computer proficiency is required. Experience with Microsoft Publisher and knowledge of publication design is preferred.

COMPETENCIES: The student selected for this internship opportunity should expect to develop public health skills and competencies in the following categories:

- Analytical and Assessment Skills
- Policy Development and Program Planning Skills
- Communication Skills
- Cultural Competency Skills
- Community Dimensions of Practice Skills
- Public Health Science Skills
